

PARAS TOMAR

Frontend Developer | React.js Developer | Next.js Developer

Uttar Pradesh, India

parastomar851@gmail.com | +91 8791559154

LinkedIn | GitHub | Portfolio

Summary

Frontend Developer skilled in **HTML, CSS, JavaScript, React.js, Next.js**, and **Redux**, building responsive and user-friendly web interfaces. Completed a **Frontend Developer Intern (Remote)** at **EduSkills** with experience in **frontend development, REST API integration**, and **SEO optimization**. Passionate about creating scalable UI and clean, maintainable code.

Technical Skills

HTML5, CSS3, JavaScript (ES6+), Next.js, React.js, Redux, Three.js, Bootstrap, Tailwind CSS, MySQL, Responsive Design, Flexbox, CSS Grid
Concepts: Component-Based Architecture, State Management, **REST API Integration**, Cross-Browser Compatibility, **Search Engine Optimization (SEO)**, Performance Optimization
Tools: **Git, GitHub, VS Code**, Chrome DevTools

Experience

Frontend Developer Intern (Remote) – EduSkills Oct 2025 – Nov 2025

- Developed responsive and interactive user interfaces using **HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Redux**, and **Three.js**.
- Built **reusable** and **scalable UI** components following Component-Based Architecture and clean coding practices.
- Implemented state management, integrated REST APIs, and applied basic **SEO optimization** (meta tags, semantic HTML) to improve visibility.
- Collaborated with mentors and team members to deliver assigned features and enhancements.
- Gained hands-on experience with debugging, **performance optimization**, and modern frontend workflows.

Projects

International Tyre Booking & Service Platform (Live) | (GitHub) 2025

- Built a fully responsive **tyre booking platform** using **Next.js, React.js**, and **Tailwind CSS**.
- Implemented **vehicle-based search** and service modules, improving user navigation and booking efficiency.
- Enhanced UI/UX with **Framer Motion animations** and modern design components.
- Applied **SEO best practices** and optimized performance for faster load times.
- Ensured **cross-browser compatibility** and seamless experience across all devices.

Employee Management System (Live) | (GitHub) Nov 2025 – Dec 2025

- Built a **role-based employee management dashboard** using **React.js** with separate **Admin and Employee** modules.
- enhanced **task assignment, tracking, and performance monitoring features** for efficient employee workflow management.
- Integrated **REST APIs with Redux** to manage application state and handle **real-time data updates** efficiently.
- Enhanced **UI consistency and usability**, reducing user navigation time by **40%**.

Education

Bachelor of Technology in Computer Science and Engineering 2023 – 2026
Galgotias University, Noida CGPA: 7.72

Diploma in Electronic Engineering 2020 – 2023
Government Polytechnic, Saharanpur CGPA: 7.50
